From Stranger to Neighbor: What  
has Changed?**

It has been a year since the implementation of the diocesan-funded ecumenical collaboration of our project called “Welcome the Stranger.” The detailed accomplishments of the project will be presented along with appearances of some families who have resettled in western New York. Journey’s End Refugee Services personnel will summarize the effect the Presidential Executive Orders of 2017 will have on local refugee resettlement as well as the status of the Deferred Action for Children Arrivals (DACA) program. A reception will follow the program and will feature a sampling of favorite refugee finger foods.

Pre-registration is appreciated but not required:

Afternoon at the Movies: “Hidden  
Figures”**

“Hidden Figures” tells the amazing true story of Katherine Johnson, Dorothy Vaughan, and Mary Jackson, who were three brilliant African American women working at NASA and who served as the brains behind the launch into orbit of astronaut John Glenn. This stunning achievement turned around the space race. The visionary trio crossed all gender and racial lines, and inspired generations. An introduction to the movie will be given by Edward H. Snell, PhD, Chief Executive Officer at Hauptman-Woodward Medical Research Institute, and former scientist at NASA.

Free popcorn, candy and beverages will be offered for all to enjoy during the show.

Annual Discover Sunday Field Trip: A  
Special Afternoon in East Aurora**

On May 20<sup>th</sup> a Discover Sunday event will be held in East Aurora on the Roycroft Campus at 31 South Grove Street. For those able to arrive earlier, the PBS documentary about Elbert Hubbard will be shown in the Power House at 1:00 pm. At 2:00 we will form into small groups for a one-hour guided tour of the Roycroft Campus and see details attributed to Elbert Hubbard and the Arts & Crafts Movement. These two presentations are free and open to all.

Pre-registration for this Discover Sunday program is required.
