

# The Episcopal Diocese Of Western New York

## Child and Youth Image Release

We care deeply about all of the children of God, and are committed to keeping them safe. In order to keep them safe, we will not publish images of your child without your permission. Please read through this form and fill out the information at the bottom.

I consent to the use by \_\_\_\_\_ Episcopal Church of any image (photographs or videos) taken at congregation events (worship, Sunday School, fellowship, etc.) in which my minor child may appear.

I understand that the primary purpose of these images is to preserve memories of life the church, and to share the joy of our activities. When an image is used, it is primarily used on the church's website, in our newsletter, or on social media. The church may share images with other entities of the Episcopal Church (e.g. the Diocese of WNY, the national church, etc). I understand that images of my minor child will not be given or sold to any entity outside the Episcopal Church.

I understand that my child's name will not be published in any format without the express permission of their parent or guardian on the matter (such as in the publication of graduation celebration announcements, or when identifying service participants such as acolytes).

I further understand that I may revoke consent for my child's image to be used by speaking with the clergy or warden at any time.
